Dear Friends,

Janice Howard gave me a beautiful book called Images of Christmas edited by Eliane Wilson with Calligraphy by Dorothy Boux. One of the stories is about the midwife written by Saint James.

Behold a woman coming down from the hill country, and she said to me: "Man, where are you going?" And I said: I seek a midwife of the Hebrews." And she answered and said, "Are you from Israel?" And I said, "Yes." And she said, "And who is she that comes forth in the cave?" And I said, "She is engaged to me." And she said to me, "Is she not your wife?" And I said to her, "It is Mary that was nurtured in the temple of the Lord: And I received her to wife by lot: and she is not my wife, but she has conceived by the Holy Ghost. And the midwife said to me, "Is this the truth?" And Joseph said to her, "Come and see!" And the midwife went with him. And they stood in the place of the cave, and behold a bright cloud overshadowing the cave. And the midwife said, "My soul is magnified this day, because my eyes have seen marvelous things, for salvation is born into Israel." And immediately the cloud withdrew itself out of the cave, and a great light appeared in the cave, and a great light appeared in the cave so that our eyes could not endure it. And little by little withdrew itself until the young child appeared, and went and took the breast of its mother Mary.

On December 2, 2001 the Congregational Church of Phillipston hired me to be their pastor. We have been ministering together in this community for twenty years. Perhaps we have been midwives together, bringing forth the Word of God. We will celebrate his birthday on Christmas Eve, with a candle light worship service at 4:00 p.m., weather permitting outside on the Common!

Your sister in Christ, Rev. Stephanie C. Flynn

Cable TV Service Survey

The Town Cable TV License is up for renewal in November of 2023. The Town negotiates the terms of cable access and service, the renewal license does NOT control the prices Comcast charges. The State negotiates pricing. An important part of the license renewal process is gathering input from all the residents of Phillipston on the performance of the cable service and Comcast. The following survey is the first way this will be done. A web link to this survey also appears on the Town's homepage and below if you would prefer to complete the survey online. All Town residents are requested to respond to the survey even if you currently do not have access to cable service. Gathering your feedback about the quality of cable service in Town will help the Town and our cable lawyer negotiate with Comcast on your behalf. In addition to this survey, a public hearing will be scheduled in early 2023 with a representative from Comcast in attendance. If you have any questions or comments concerning the survey or the public hearing, please contact the Cable Advisory Committee at (978) 249-6828.

If you do not have Comcast TV cable service, what are your reasons for not subscribing?

Cost **No cable access** **Cable service problems** **Prefer Satellite TV**
 Don't want cable TV service **Other**

If you have Comcast cable service, how do you rate the quality of the cable TV service?

If you do have Comcast cable service, have you ever needed a service technician?

Have you ever watched the Town's local cable community access channel (channel 99)?

Yes **No**

If you have seen the information on the Town cable channel 99 was it useful?

Presently Town information, Town Meeting recordings, Public Service programs from the State and Worcester County along with some Town events are broadcast on channel 99.

Would you be interested having other community events or local programs broadcast?

Yes **No**

If you have Cable TV service from Comcast, on your bill, there is one line item, under the section titled, "Taxes, fees and other charges" labeled "Franchise Fee." It varies between \$0.50 and \$1.80 and it depends on the cable TV services provided. This fee is used by the Town to fund extending the cable service to areas of the Town that do not have access to cable service. This has been done on Williamsville Road and is currently underway on Willis Road. If you do not have cable service (this includes internet) available at the street for your home and would like to have it, please contact the Cable Advisory Committee. The process takes over a year once the funds are there to proceed.

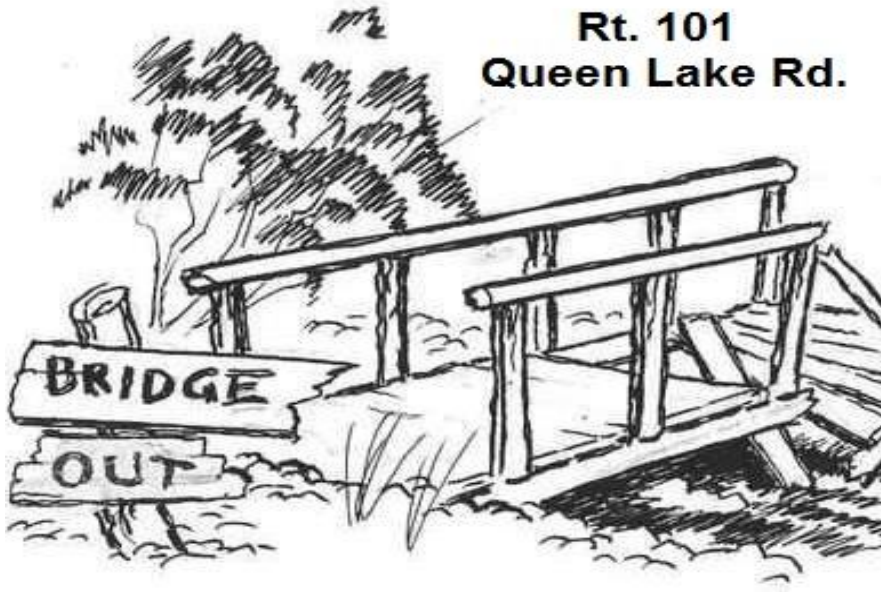

Thank you for your time. Please drop this survey off at the Town Hall in the Cable Advisory Committee's mailbox, or mail it to the address below. Responses will be tallied at the end of January, 2022 and shared with Comcast.
