Children's story told every Sunday

Dear Friends,

The Bazaar is coming soon, Saturday, July 16 on the Common and at the Transfer Station! I hope to see you there. There will be games for the children, toys and books too! You can buy a hot dog or hamburger at the Chuck Wagon, or pick out some jewelry at the jewelry table. Many great gift cards will be available at the Coffee Can Auction. The Attic Treasures will be at a new location, the Transfer Station. The Ladies Benevolent will have a special raffle basket to pay for college scholarships. The Chicken Barbecue will be served from 5:00 to 6:00 p.m. at the cost of \$16 a ticket. Please contact Peter Haley for your tickets (978)-697-0891. With thanks to the Phillipston Cultural council and the Massachusetts Cultural Council there will be music.

Our very talented Jane French, organist and accordionist will be performing from 4:30 to 6:00 p.m. along with a polka band of people playing accordions. There will be polka music to dance to, and music to sing with. Please bring your lawn chair and sit on the Common to listen. You may come to the concert without buying a chicken barbecue ticket. The concert is free of charge and sponsored by the Massachusetts Cultural Council and local Phillipston Cultural Council.

Your sister in Christ,  
Rev. Stephanie C. Flynn

## Save the bees.

HoneyMoon Hill Bees and Farm at 770 Royalston Road provides free Honeybee mitigation services. If a swarm has taken up residence in your home, an outbuilding, vehicle, a cavity in a tree or if they have found a new and exciting place but you don't want them there please contact us. We have successfully removed colonies of honeybees from residential, commercial and industrial buildings.

If you aren't sure what type of insect it is please contact us. We will check them out for you for free! We are only interested in saving honeybees. If you have another type of stinging insect we can give you ideas how to get rid of them. We aren't nor want to be exterminators if they turn out to be wasps, hornets or yellowjackets. Our bee safety clothing is what we wear when tending our hives. We can't be getting toxins into our gear.

If you have honeybees in a building that require carpentry skills or restorative skills to put it back in order that are beyond our skills, we will discuss it with you. We are capable of some repairs. I certainly would not make a mess of your home and leave it. We could put you in touch with a beekeeping group who may have better resources.

We don't charge a fee for our services but we also don't pay for feral bee swarms or bee colonies. Feral swarms or colonies are bees not kept in a regulated hive structure or under the care of a beekeeper.

Historically beekeepers bear the costs of removal, taking the bees for free.

Thank you.

Jack Seamon, 978-895-1452 and Colleen Seamon, 774-502-0655. If Jack doesn't answer please leave a message. Also call Colleen. She knows how to reach me and my whereabouts. We do keep a vehicle set up to respond to an emergency.
